

TESTIMONIAL LETTER FROM MRS J.T. RECEIVED 07<sup>TH</sup> OCTOBER 2006.

Wellington,  
Telford,  
Shropshire.

Dear Barbara and Steve,

Just to let you know how much I appreciated your meticulous organising to get me to Krakow where I had successful hospitalisation. Many, many thanks to all the staff, surgeons, nurses and physios for their care and consideration during my 28 days stay.

I would have no hesitation in going back if my other knee needs attention in the future or recommending your name to anyone interested in knee or hip replacement.

Joy Tart.
